*Ultra-wideband Voice Quality,
Conference Calls Anywhere*

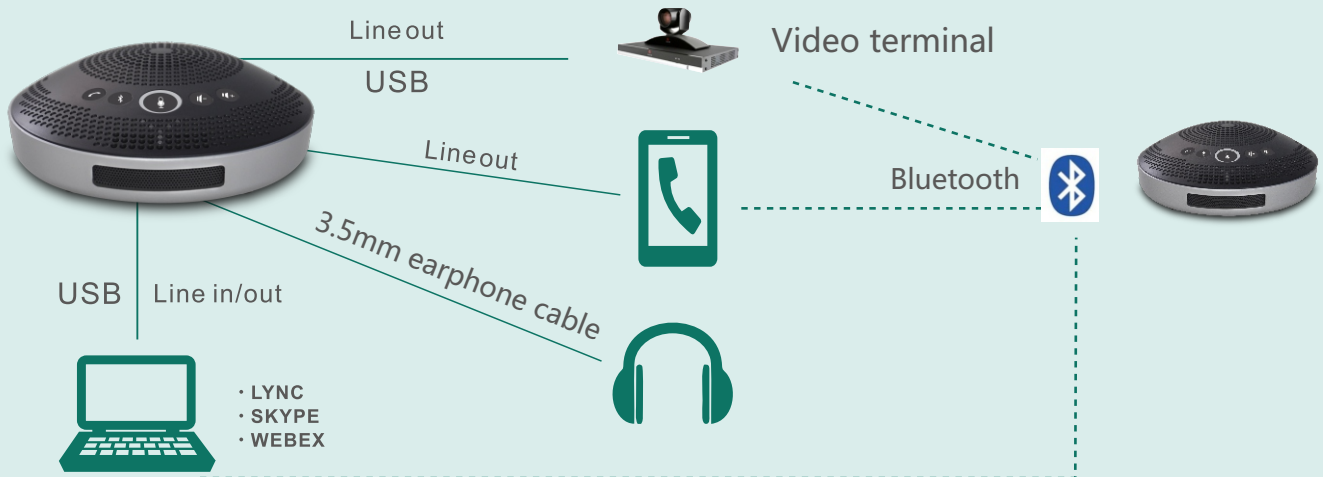

iSmart Video OMP-02 is a portable USB + Bluetooth speakerphone that enables natural and reliable remote communication no matter where you work. Bring it in your bag and take the office outside!

USB and Bluetooth Speakerphone OMP-02

Applications

Take important calls wherever, whenever with this personal speakerphone, designed to offer professional-quality audio while connected to your laptop, phone or tablet. The built-in rechargeable battery allows for complete portability for up to 3 hours, it's the ideal device for open workspaces, huddle rooms, home offices, and travel. Available in a choice of white or black, the unit blends into any home or corporate office. Its small, lightweight, and space-saving design is perfect for portability and for deployment at laptop or mobile terminals. A headset jack allows for private listening and the option to enjoy music through the unit between calls.
