

## **ZETTA** Series

- Unmatched audio quality hi efficiency Class H design
- 2/4 Channels models from 1.000W up to 10.000W
- Ultra light weight 6.5kg, compact package 25cm deep
- Last generation QuantaPulse<sup>™</sup> switch mode power supply
- RAM Audio Power Management System (PMS<sup>™</sup>) and Clip Limiter (ICL<sup>™</sup>)
- Up-side-down design to avoid fan dust acumulation

- Industry standard Neutrik® XLR and Speakon® connectors
- Comprehensive protection set (ICL, PMS, SSP, turn-on, Temp, DC....)
- Detented sealed potentiometers
- Dual or bridge mode operation
- Temperature controlled, back to front cooling fan

The RAM Audio ZETTA Series, is the result of an in depth study, in order to reach the best compromise between economy and performances, taking advantage of latest improvements in automated mixed surface mount and through hole electronic assembly.

ZETTA Series are a project based on an up-side-down mono-block approach offering an all-in-one power module that contains the entire amplifier assembly. Simplicity and effectiveness run hand by hand through the entire design to obtain an effectively skilled and workable product. The last generation QuantaPulse switching power supply allows to reach a new level of refined sensing and control of the power flow.

The cost-effective ZETTA Series amplifiers are packed with solid and convincing arguments for the professionals researching quality, reliability and value!
